Who am I

I am a motivated and dedicated student of Information Security at the Faculty of Information Technologies at ČVUT. My primary interests lie in traveling, particularly in Europe and Asia, and sports, including hiking and running. These activities fuel my passion for exploration and physical fitness. I strive to expand my skills both in my studies and personal life, enjoying new cultures while staying active.

Interests

Coffee	Every day of mine begins with a good cup of coffee. I enjoy the entire process of coffee preparation. I have completed a basic barista course.
Traveling	I mostly travel in Europe and Asia, discovering new cultures and experiences. I document my travel adventures on Worldee .
Sports	I am passionate about staying active through hiking and running. Both activities help me maintain physical fitness and explore new environments.
Photography	Photography fascinates me as a way to capture moments and landscapes during my travels or sports activities.
